1991 New faces, record crowds and a third A.L. East win

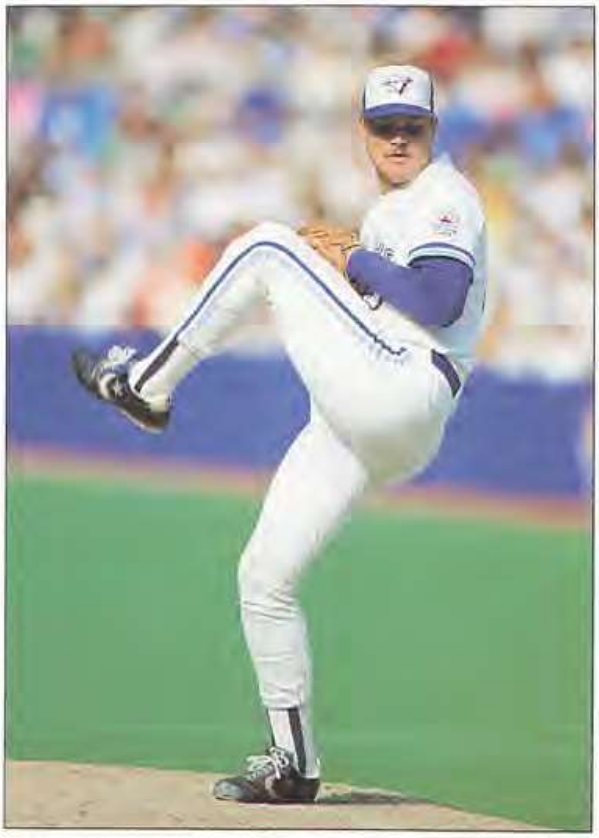
Joe Carter finished tied for second in the American League with 78 extra-base hits in 1991.

THE TORONTO BLUE JAYS captured their third American League East Division crown in 1991, pulling away from the Boston Red Sox and Detroit Tigers in September to win the flag by seven games, the largest margin of victory in the East since 1984.

The Jays' fifteenth season began with great expectations after an off-season that saw the club make several major player acquisitions. Devon White, Joe Carter, and Roberto Alomar were all added to the Jays line-up, giving the club speed and power in the outfield and one of the game's most promising young talents at second base. The new-look Jays started quickly, racking up six victories against two defeats to record the best start in team history. Yet despite the work of rookie reliever Mike Timlin who won a pair of games in the first week, and the early-season slugging of Joe Carter, the Jays soon found themselves in fourth spot with a 12-10 record after Nolan Ryan victimized them for his seventh career no-hitter on May 1.

Following this loss, the Jays embarked on a nine-game road swing through Chicago, Oakland and California. On May 22, the Jays squeezed past the Athletics 2-1, but the victory was costly. While covering first base, Dave Stieb collided with an Oakland base runner and landed heavily on the turf. Although he won the game to improve his record to 4-3, this would be Stieb's last outing of the season as he went on the shelf with shoulder and back troubles. Stieb's injury forced the club to call up fireballer Juan Guzman from AAA Syracuse.

On June 3, the Jays moved back into top spot in the East with a 5-3 win over the Yankees. This game saw Jimmy Key win his eighth of the young season and Roberto Alomar bang out four hits. The Jays continued to play steady ball, opening up a 3 1/2 game margin over the rest of the East. Despite injuries to Kelly Gruber and Tom Henke, the Jays hovered at the top of the standings, with rookie Ed Sprague filling in admirably for Gruber and Duane Ward closing the door in the absence of Henke.



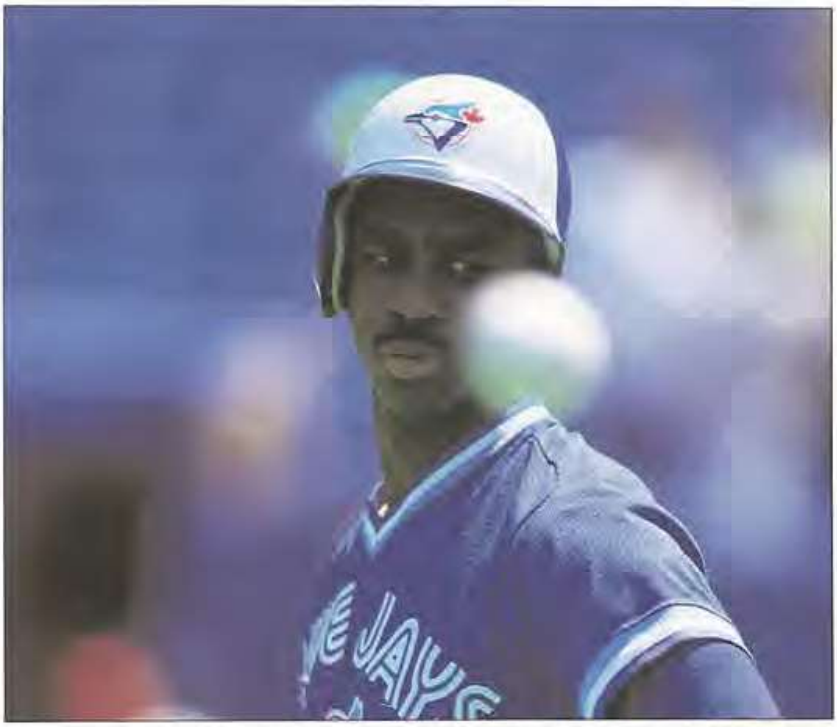
Duane Ward served as both set-up man and stopper in 1991. He appeared in 81 games and recorded 23 saves.

However, there was concern that Stieb's nagging injuries were more serious than first diagnosed. To bolster the starting rotation, G.M. Pat Gillick sent prospects Glenallen Hill, Mark Whiten and Denis Boucher to Cleveland for the Tribe's number one hurler, knuckleballer Tom Candiotti.

With Candiotti on board, the Jays kicked their game into high gear, winning eight of nine starts to open up a commanding 5 1/2-game bulge at the All-Star break. Roberto Alomar became the second Toronto player to be selected by fan balloting to start an All-Star Game and, along with teammates Joe Carter and Jimmy Key, represented the Jays at the mid-season classic, held for the first time at SkyDome.

Following the break, the Jays continued to rack up convincing victories, gradually increasing their East Division lead to a full eight games over the Tigers. However, as the dog days of summer approached, the Jays began to feel the heat, losing seven of ten going into a key series with Detroit. Although the Jays took two of the three game set, a 14-inning 4-0 loss to the Tigers started a downhill spiral that saw Toronto drop seven in a row and 11 of 16 to fall into a first-place tie with Detroit on August 24.

With Sparky's crew breathing down their necks, the Jays then reeled off a dozen victories in 16 starts to take a 5 1/2-game advantage into the stretch drive. The Jays couldn't rest easy, however as Toronto was the "swing" team in 1991, playing their final 23 games against the West, a division that saw each of its teams playing at or above the .500 mark. Toronto's toughest adversaries turned out to be their expansion twins, the Seattle Mariners, who defeated the Jays four times before Toronto finally won their final meeting of the season by a 5-3 score in 12 innings on September 18. Perhaps the key victory of the season was a 10-inning 3-0 shutout of the California Angels, fashioned on a pinch-hit homer by Pat Borders, the Jays' only pinch-hit four-



Devon White gave the Blue Jays a Gold-Glove performance in centerfield, stole 33 bases and reached first on 243 occasions.

bagger of the campaign. The Jays returned home on September 27 with a 2 1/2-game lead over the Red Sox and cruised from there, winning two of three against the Twins and wrapping up the pennant at home on October 2 with a dramatic bottom-of-the-ninth rally against California to give Toronto its third East Division championship in eight years.

Although there were numerous heroes for the Jays, it was the newcomers who set the tone for the championship season. Juan Guzman (10-3) set a team record with 10 consecutive victories and was named the clubs' rookie-of-the-year. Joe Carter (.273, 33 HR, 108 RBIs, 13 assists) became the first player in major league history to have three consecutive 100-RBI seasons with three different teams. Devon White, who committed only one error on the season, had one of his best seasons, setting career-marks in average (.282), runs (110), hits (181) and walks (55). Roberto Alomar (.295, 188 hits), who was a fan-favorite from the moment he first stepped onto the SkyDome rug, led the team with 53 stolen bases and was a defensive stalwart at second base.

The pitching staff, despite losing Dave Stieb and Ken Dayley to injury, led the A.L. with a 3.50 ERA and became only the fourth team in major league history to have two relievers with at least 20 saves. Tom Henke recorded 34 saves and Duane Ward put out the fire on 23 other occasions as the Jays set a team record for saves with 60.

For the third time in as many tries, the Jays fell victims to the eventual World Series champions in the A.L. playoffs, losing in five games to the Minnesota Twins. Toronto split the first two games at the Metrodome, before dropping three straight at home in SkyDome.

Despite disappointing in post-season play, the season was an overwhelming success for the organization. The Jays led all of major league baseball in attendance for the second consecutive year and became the first team in baseball history to draw 4,000,000 fans.

David Wells joined the rotation in 1990, making 25 starts. He pitched a career-high 189 innings and finished at 11-6.

COMING OFF A HOT SECOND HALF and a Division Championship in 1989, the Blue Jays began their fourteenth season winning six of their first ten games against the Rangers, Royals and Orioles. They spent eight days in first place and ended the month with a record of 12 and 9.

But as the season progressed, the Jays found themselves playing a bit better than .500 baseball; always in contention but unable to combine pitching, hitting and defense in a way that would produce a prolonged winning streak. The club spent time in first place in every month of the season except August when eight losses in 10 games against New York, Boston and Milwaukee dropped the Jays further back – 6½ games – than they had been at any other point in the season. But this late-season deficit was overcome as the Jays won 14 of September's first 18 games and moved back into first place.

The Jays held or shared the lead until two three-game series – one with the Red Sox and one with the Orioles – remained to be played. In Boston, the Sox got wins from reliever Jeff Reardon and Roger Clemens before Jimmy Key won his 13th of the season in a 10-5 Jays' victory. In 1990, the Jays won only three of 13 games against the Red Sox.

Trailing Boston by two games with three to play, the Jays split a pair with Baltimore before Greg Olson won a 2-1 game in relief for the Orioles, denying the Jays their last opportunity to earn a share of first place.

1990 saw several rookie ballplayers make their marks with the Jays. John Olerud had 14 HRs and 48 RBIs in 358 at-bats. Glenallen Hill had 12 HRs in 84 games. Greg Myers, who was classified as a rookie, worked with Pat Borders to form the club's catching tandem despite spending time on the disabled list.

Borders, who was selected as the Jays' most improved ballplayer in 1990, was behind the plate when Dave Stieb pitched the first no-hitter in franchise history against Cleveland on September 2. Stieb also pitched the 100th complete game of his career in 1990, shutting out Oakland 1-0 on May 28. Todd Stottlemyre emerged as a workhorse pitcher this season, starting 33 games with 203 IP.

John Olerud became the 16th player since the start of the amateur draft in 1965 to make his pro debut at the M.L. level.

Pat Borders set career highs in games, AB, HRs and RBIs. He ranked third in the A.L. in throwing out runners with a .426 success rate.

The Jays' 86 wins in 1990 equalled the club's output in 1986 and were the fewest recorded by the franchise since breaking .500 for the first time in 1983.

The Blue Jays and their fans set a Major League attendance record in 1990. The club averaged 47,966 fans per game, sold out 66 of 81 dates and drew a total attendance of 3,885,284. Overall home and road, the club drew 5,925,056, breaking the previous record held by the 1982 Los Angeles Dodgers by 65,984.

Switch-hitting rookie Junior Felix hit .283 batting right-handed.

THE TORONTO BLUE JAYS won their second A.L. East Division Championship in 1989, enduring a slow start and a managerial change before putting together a strong second half.

The season began with the Jays losing four of five one-run ballgames. Tony Fernandez suffered a broken right cheekbone when hit in the face by a pitch on April 7. Nine days later, Kelly Gruber became the first Jay to hit for the cycle as the Jays scored 15 runs against Kansas City.

But by mid-May the Jays were 12-24 and had lost 12 one-run games. Manager Jimy Williams was replaced by batting instructor Cito Gaston on May 15. The club went 8-7 for the balance of May and then exploded for 30 runs in three games against the Red Sox in Fenway Park, getting 11 RBIs from rookie Junior Felix.

The Jays played their SkyDome opener on June 5 and went on to record their first plus-.500 month at 17-10. A three-game sweep of the Tigers in Detroit just before the All-Star Break hoisted the Jays into a tie for fourth and heralded a revitalized Toronto bullpen. Tom Henke, who had just three saves in the first half of the season, reasserted himself as the club's top stopper and finished the season with 20 saves.

The Jays closed out the month of July one game under .500 at 52-53, four games back and tied for second. Early August saw the acquisition of Lee Mazzilli and Mookie Wilson, two players who would play vital roles down the stretch for the Blue Jays.

August 1989 proved to be the most successful month in franchise history with 20 wins against just nine defeats. The club finally broke the .500 barrier on August 15 and, on August 31, pulled into a first-place tie with Baltimore.

The Jays continued to play well through September, but needed back-to-back wins over the Orioles on the last weekend of the season to clinch the A.L. East.

The American League Championship series pitted the Jays against the Oakland Athletics. Although the Jays got their share of hits against Oakland pitching, the A's superb attack was too much for Toronto to handle. The A's won in five games with the Jays winning game three in front of a record SkyDome crowd of 50,268.

The Jays' comeback from a 12-24 start and a 10-game deficit to win the A.L. East was witnessed by the largest paid attendance – 3,375,883 – in American League history.

Jays' MVP Fred McGriff led the club with 34 HRs and 100 runs scored in 1988.

HAVING SO NARROWLY MISSED winning the A.L. East title in 1987, the 1988 Blue Jays entered the season as an acknowledged contender. But the club started slowly, winning only 9 of 22 games in April and 13 of 26 games in May. By the end of May the Jays were in sixth place – 12 games back and 7 games under .500. At the All-Star Break the club was 42-46 and 11½ games back.

After the All-Star Break, and with the return of pitchers Jimmy Key and Jeff Musselman from the disabled list, the Jays played their most consistent baseball of the season. The team registered the Division's best post-All-Star record with 45 wins and 29 losses for a 22-7 record in September and October. But this late-season drive wasn't enough to catch the Red Sox, who had also surged in the standings. The Jays ended 1988 tied for third place, two games behind Boston.

The Blue Jays did well at the plate in 1988, leading the A.L. in home runs (158), triples (47), total bases (2330), and slugging percentage (.419). On the mound, the Jays' staff led the League and tied a club mark with 17 shutouts. Fred McGriff led all first basemen with a .997 fielding percentage, while three-time Gold Glove winner Tony Fernandez finished third among shortstops with a .981 fielding percentage despite being hampered by off-season surgery. Fred McGriff led the club with 34 home runs and hit .282. Kelly Gruber enjoyed his finest season as a Jay, and his first as the club's regular third baseman, hitting .278 with 81 RBI. George Bell, who had a major-league record three home runs on opening day, was the club's RBI leader with 97. Tony Fernandez hit .287 with 70 RBI and Rance Mulliniks, employed largely as a DH, hit .300. Rookie catcher Pat Borders hit .273 in 56 games while first-year outfielder Rob Ducey hit .315 in 27 games. The DH spot hit a League-leading .288 with 25 HRs and 95 RBI.

Dave Stieb had his best season since 1985, finishing with an ERA of 3.04 and a record of 16-8. He recorded three one-hitters in 1988 and had no-hit bids spoiled with two out in the ninth inning in each of his last two starts of the season. Jimmy Key, who started three games in April before requiring elbow surgery that placed him on the disabled list for 75 days, finished at 12-5 with an ERA of 3.29. Tom Henke led the relief corps with 25 saves and a 2.91 ERA while Duane Ward earned 15 saves and a 9-3 record.

1987 Duel with Detroit sees Jays a close second

IF YOU WROTE a story about a baseball pennant race, you wouldn't and couldn't pack in as many thrills as were contained in the last ten games of the Toronto Blue Jays' 1987 season. Leading the Tigers by a half game with ten left, the Jays played home and home series against Detroit on the last two weekends of the year. These seven games – with the division championship on the line – were all one-run contests.

The Jays won the first three against Detroit to stretch their lead to 3½. They led the fourth game going into the ninth before a Kirk Gibson home run paved the way for an eventual Tiger victory in extra innings. Three losses to Milwaukee sent the Jays into Tiger Stadium with a one game lead and three to play. The Tigers swept the series, despite marvelous pitching performances from Mike Flanagan and Jimmy Key in the final two games of the season. The Jays finished two games behind Detroit at 96-66/.593 – the second best-record in the majors and three games short of the franchise record of 99 wins in 1985.

Despite the disappointment of the last week of the season, 1987 was a year of superlatives for the Jays. The club led the A.L. in attendance, drawing almost 2.8 million, and registered the sixth-highest home run total in league history with 215 including an incredible 10 HR single-game barrage against Baltimore on September 14th.

George Bell (47 HRs and 134 RBIs) had a career year, earning A.L. MVP honours. Jimmy Key allowed no more than three earned runs in 30 of 36 starts, finished at 17-6 with an ERA of 2.76 and was runner-up in balloting for the Cy Young Award. Tony Fernandez, despite a sore knee, was one of baseball's top defensive shortstops, while hitting .322 with 32 stolen bases. Tom Henke led the A.L. in saves with 34.

Rookie Fred McGriff hit 20 HRs while first-year lefthander Jeff Musselman finished at 12-5 with 68 appearances. Nelson Liriano played in the final 37 games of the season, starting at second base and hitting out of the leadoff spot. Mike Flanagan yielded two runs or less in five of seven starts for the Jays after being acquired from Baltimore on August 30. Hard-throwing relievers David Wells and Duane Ward combined for 25 appearances from the bullpen after being called up for the stretch run.

The Jays' starting lineup and pitching rotation changed considerably during the course of 1987. The 1988 squad combined veterans at the peak of their abilities with talented younger players ready to play and improve at the major-league level.

All-star Jesse Barfield hit 40 home runs.

THE BLUE JAYS' tenth anniversary season proved the baseball adage that it's easier to win a title than to defend one. The American League pennant and World Series Championship would have to wait at least another season as the club, under new manager Jimy Williams, finished the season in fourth, 9½ games behind the Boston Red Sox.

George Bell and Jesse Barfield had the finest seasons of their careers. Bell had 31 home runs and 38 doubles along with a club record 108 RBIs – tied with Barfield, who established club records with 40 homers, 107 runs, a .559 slugging percentage, and 108 RBIs. Tony Fernandez, again playing in every game, led the club with a .310 average and showed himself to be one of the top shortstops in the game. Barfield, Bell, and Fernandez were selected to post-season all-star teams and Barfield and Fernandez became the first Blue Jays to win Gold Glove awards. Rick Leach finished at .309, appearing in 104 games at first base, in the outfield, and as a designated hitter. He had ten pinch-hits.

Jim Clancy and Dave Stieb became the club's first 100-game winners. Clancy was the most consistent of the Jays' starters for most of the season, though he lost his final seven decisions. Dave Stieb lost his first six decisions; he was 2-9 at the All-Star break but improved to finish at 7-12. Jimmy Key was also winless in his first six starts, but found his groove to finish the season at 11-11. He did not allow a run in his last 19.1 innings of work. Mark Eichhorn, who earned a spot on the roster in spring training, won fourteen games in relief in 1986, and set the club record for lowest ERA at 1.72. Eichhorn, who had adopted a submarine-style delivery, held opposing teams scoreless in 42 of his 69 appearances and was selected rookie relief pitcher of the year by *The Sporting News*. Tom Henke continued as the team's top stopper, finishing with a club record of 27 saves.

In their first ten seasons, the Blue Jays grew from a raw expansion franchise to a multi-talented team. The club's second decade began with a nucleus of players among the best in baseball.

1985 A Dream Season: 99 wins and a championship

Lefthander Jimmy Key won 14 games with 213 IP.

A FIRST-PLACE FINISH and the American League East Division Championship came to the Blue Jays on October 5, 1985 when Doyle Alexander pitched a complete game to beat the New York Yankees 5-1. The Jays finished with 99 wins and went on to take a 3-1 lead in games against the Kansas City Royals in the American League Championship Series, before the Royals battled back to win in seven games.

The Jays had made changes. In December of 1984, Griffin and Collins had gone to Oakland for relief ace Bill Caudill. Jim Gott and two minor leaguers had gone to San Francisco for lefthander Gary Lavelle in January of 1985. Dennis Lamp had been moved to middle relief and Jimmy Key had become part of the starting rotation. Bell, Barfield, and Fernandez were now everyday players. Cliff Johnson, who was later reacquired in mid-season, signed with Texas as a free agent, and as compensation, the Jays received little-known pitcher Tom Henke, who began the year in "AAA".

The team moved into first place on May 13. The Jays' bullpen had its best record ever, with 47 saves and a 35-20 won-lost record. After a fast start, Caudill's production tailed off and Jim Acker got the call in short-relief situations. Acker registered ten saves, seven wins, and a 3.23 ERA. Dennis Lamp, pitching long or middle relief, had a remarkable 11-0 season and was the Jays' most consistent pitcher. But the big bullpen story was Tom Henke. Called up in late July, the hard-throwing righthander became the club's top reliever, saving thirteen of fifteen games. Jimmy Key had a fine season in his first year as a starter, going 14-6 and giving the Jays their first wins by a lefthanded starter since Paul Mirabella defeated Boston on October 4, 1980.

Barfield and Bell were friendly rivals for Player of the Year; both hit and fielded their positions strongly. Tony Fernandez appeared in all 161 games, batting .289. Garth Iorg had his best season, hitting .313. Ernie Whitt had nineteen homers.

The Jays had come within one win of the American League pennant. Nine seasons of player development and roster moves had established the club as one of baseball's best.

1984 Unstoppable Tigers hide Jays' strong season

Manager	W	L	Pct.	Pos.	GB	Attendance
Bobby Cox	**89**	**73**	**.549**	**2nd**	**15**	**2,110,009**

Doyle Alexander was 17-6 with an ERA of 3.13.

THE JAYS MADE MOVES to improve their bullpen, as late or extra-inning losses had hurt the club in 1983. Dennis Lamp became Toronto's first significant free agent signing, and a trade that sent Barry Bonnell to Seattle brought lefthander Bryan Clark to the Jays' relief corps.

Despite these efforts, the year was marked by the inability of the Jays' bullpen to close games. After a seemingly charmed streak of nineteen one-run victories in the first half of the season, the Jays dropped 25 of 40 one-run games over the rest of the schedule. They finished with 89 wins, matching their 1983 total and winding up in second place. This was the year of the "flying Tigers", as the Detroit club's fast start (35 wins in their first 40 games) allowed them to lead from wire to wire.

Player of the Year for the Jays was Dave Collins, whose .308 batting average with 41 extra base hits and 60 stolen bases made him the team's rally-starter. Moseby had his second fine season, hitting .280 with eighteen homers and 39 stolen bases. Rance Mulliniks, part of the Jays' third-base platoon, hit .349 with runners in scoring position. His .326 average was the best on the club. Tony Fernandez played in 88 games with the Jays, hitting .270 and staking claim to the starting shortstop's job for 1985.

Doyle Alexander had a great year on the mound, going 17-6 with 262 innings pitched and eleven complete games. Stieb had another fine year at 16-8 with an ERA of 2.83. Jim Clancy and Luis Leal each won thirteen games.

For the first time in franchise history more than two million fans made their way to Exhibition Stadium to be part of a pennant race. But the Tigers never faltered; the Blue Jays were a good team, but a piece or two was still missing from the championship puzzle.

THE BLUE JAYS had at last become serious contenders. This season saw the ballclub only 1½ games out of first place in late August when, in one disastrous week, the Jays lost six times either in extra innings or in the ninth.

The team strengthened its designated hitting, acquiring veteran sluggers Cliff Johnson and Jorge Orta through trades. The two combined for 34 home runs and 113 RBIs, the top totals in the league. The Jays increased their total run production to 795, up almost a full run per game on 1982, and their .277 team batting average and .436 slugging average led the American League.

Lloyd Moseby had his finest season, becoming the first Jay to score more than 100 runs. He hit .315 with eighteen home runs, 81 RBIs, and 27 stolen bases. Power came from Willie Upshaw who became the first Jay to record 100 RBIs. He had 27 homers and 99 runs scored, sharing Player of the Year honours with Moseby. Damaso Garcia had another strong year, finishing at .307 with 31 stolen bases despite being hampered by knee problems.

The outfield had a different look due to the acquisition of Dave Collins from the New York Yankees. Collins platooned in left with Bonnell and, later in the season, George Bell. Bonnell did spot duty in all outfield positions, hitting .318. Barfield had 27 homers in right.

The pitching staff depended on Stieb, Clancy, Leal, and Jim Gott as starters, but when Gott was sidelined with recurring blister problems, the Jays acquired veteran righthander Doyle Alexander who had been released by the Yankees in June. Alexander won seven and lost six for the Jays.

It was quite a year in baseball. George Brett had a home run disallowed because he had too much pine tar on his bat and Dave Winfield accidently hit one of Exhibition Stadium's ever-present outfield seagulls with a baseball. More important, it was the year of Toronto's first exposure to pennant fever. Fans were ready for more.

Damaso Garcia hit .310 in 1982.

THIS WAS THE YEAR that the Jays finally escaped seventh place in the American League East Division standings. A late-season surge saw them win ten of their last twelve games and finish in a tie with Cleveland for sixth. The club's winning percentage showed its greatest improvement, as the Jays finished at .481 with 78 wins.

Bobby Cox's first season as manager saw some of the club's promising young players take increasingly large roles. Willie Upshaw took over at first base after John Mayberry was traded to Kansas City in May. In 580 at-bats, Upshaw had 75 RBIs and 21 home runs. Damaso Garcia had his best season yet, hitting .310 with 185 hits and 58 stolen bases. He was the toughest Blue Jay to strike out in 1982, and could have posted even greater numbers had he not suffered a hand injury when he was again hit by a pitch in late August. Garcia was the Jays' Player of the Year. Jesse Barfield, playing rightfield almost exclusively against lefthanded pitching, had eighteen home runs and 97 hits, including a pinch-hit grand slam. Despite being a platoon player, Barfield was second in the American League in outfield assists, with fifteen, and was selected as the club's Rookie of the Year.

Platooning was an important part of Cox's strategy. Barfield shared rightfield with Hosken Powell. Garth Iorg and newly acquired Rance Mulliniks shared third and Ernie Whitt and Buck Martinez handled the catching responsibilities.

Meanwhile Dave Stieb was blossoming into one of the American League's top pitchers. He led the league with 288.1 innings pitched, nineteen complete games, and five shutouts. He won a club-record seventeen games for the Jays, despite being unable to register a win until his fifth start of the season. Jim Clancy rebounded from his injuries of the previous season to post a 16-14 record and Luis Leal gave the Jays their first effective third starter, going 12-15 with 250 innings pitched. In relief, Dale Murray became the Jays' ace, with eleven saves and eight wins in 111 innings pitched.

The club appeared ready to move up the standings in the American League East.

Dave Stieb was 11-10 with 184 IP.

IN A SEASON SPLIT in half by a 59-day players' strike, the Blue Jays' performance combined the worst start and the strongest finish in the franchise's five-year history. When the strike began, the Jays' record was a mediocre 16-42 for a .276 winning percentage. After the strike was over, the Jays played .500 baseball for all but the last two weeks of the season.

Dave Stieb became the first Jays regular starter to win more decisions than he lost, finishing the year at 11-10 with an ERA of 3.19. Jim Clancy, troubled by nagging injuries, finished at 6-12. Luis Leal, a righthander in his second year with the club, was 7-13 with a 3.68 ERA in 130 innings pitched. In the bullpen, Joey McLaughlin recorded ten saves and a 2.85 ERA and Roy Lee Jackson, acquired from the Mets for Bob Bailor, had seven saves and an ERA of 2.61.

Damaso Garcia had an excellent second half for the Jays, hitting .375 before being struck by a pitch that broke his wrist in late August. Jesse Barfield and George Bell, who had been acquired from the Phillies in the major-league draft, began to play in the outfield after the strike. Barfield and Bell started in the outfield with Lloyd Moseby for the first time on September 3, 1981. Moseby, in his first full season with the Jays, tied with first baseman John Mayberry for the club lead in RBIs.

Tony Fernandez, a gifted eighteen-year-old Dominican shortstop, began his rapid climb through the minors. He finished the year in "AAA", hitting .278 in Syracuse. At the close of the season, the Jays – almost without realizing it – had become a promising, capable team loaded with young talent and ready to move forward. Manager Bobby Mattick was replaced by Bobby Cox at the end of the season as the Jays continued to improve.

1980 A new manager and the best season yet

Bob Mattick	**67**	**95**	**.414**	**7th**	**36**	**1,400,327**

John Mayberry hit a club-record 30 home runs.

BOBBY MATTICK was made the club's new manager. As the Jays' scouting supervisor, Mattick had been responsible for recruiting and developing the talented young ballplayers in the Blue Jays' system. Though he was a managerial rookie, his forty years in baseball, and his familiarity with the Jays' personnel, made Mattick a natural for the job. The Jays responded with their best season to date, 67-95, for a winning percentage of .414. It was the club's first season with fewer than 100 losses.

An important trade sent Tom Underwood and Rick Cerone to the New York Yankees for first baseman Chris Chambliss, lefthander Paul Mirabella, and minor-league infielder Damaso Garcia. Chambliss was then traded to Atlanta for outfielder Barry Bonnell and relief pitcher Joey McLaughlin.

John Mayberry had 30 home runs, establishing a club record that would stand for six seasons. Alvis Woods hit .300 with fifteen home runs and Barry Bonnell had 56 RBIs. Injuries eventually subdued the Jays' offence as Bonnell, Bob Bailor, Rick Bosetti, and Otto Velez were forced out of the lineup.

Jim Clancy and Dave Stieb had become the club's top two starters, with 13 and 12 wins. Stieb was American League Pitcher of the Month for April and represented the Jays at the All-Star Game. Jerry Garvin moved to the bullpen and recorded a 2.28 ERA in 61 appearances. Joey McLaughlin, Paul Mirabella, and Jesse Jefferson all pitched more than 120 innings.

Garth Iorg, who had seen spot duty with the Jays in earlier seasons, had 222 at-bats. Damaso Garcia played regularly at second, hit .278, and combined with shortstop Alfredo Griffin to give the club excellent middle-infield defence. Danny Ainge, a professional prospect in both basketball and baseball, had 111 at-bats as a utility infielder. Ernie Whitt became the team's number-one catcher and Lloyd Moseby and Willie Upshaw made the Blue Jays to stay.

More pieces of the puzzle were beginning to fall into place.

1979 Youthful Jays: talent in the wings

Alfredo Griffin was Player of the Year in 1979.

WINS WERE SCARCER than ever for the Jays. Though some of the club's young players began to show their talents, the Jays won only 53 times in 1979.

The youth movement continued with the trade of veteran catcher Alan Ashby to Houston for righthander Mark Lemongello, outfielder J.J. Cannon, and infielder Pedro Hernandez. With Ashby gone, Rick Cerone became the club's number-one catcher and delivered 61 RBIs hitting from the number-nine spot in the batting order. Another deal sent Victor Cruz, Rookie of the Year on last year's club, to Cleveland for Phil Lansford and a young shortstop from the Dominican Republic, Alfredo Griffin. Griffin started slowly in Toronto, but went on to become a co-winner of the American League Rookie of the Year award, along with John Castino of Minnesota. Griffin hit .287 with 179 hits, 81 runs scored, ten triples, and 21 stolen bases – club records, all of them.

Jim Clancy worked only 64 innings as a serious ankle injury put him on the disabled list. Tom Underwood lost his first nine decisions before going 9-7 for the rest of the season; he was the only Jays pitcher to go 200 innings.

On June 26 a talented rookie pitcher completed the almost unheard-of leap from "A" ball to the majors in one season. Dave Stieb, who had been converted from the outfield the previous year, was 5-0 with Dunedin in "A", 5-2 with Syracuse in "AAA", and 8-8 with Toronto, for a combined record of 18-10. Most of the Jays' other prospects were still honing their skills in Dunedin, Florida. Lloyd Moseby hit .332 and Jesse Barfield had 71 RBIs in the Florida State League.

Roy Hartsfield, who had managed the Jays for their first three seasons, was fired after the campaign. The second phase of building the Blue Jays was about to begin.

1978 Player changes help but wins still scarce

Victor Cruz had 9 saves and an ERA of 1.71.

TWO EXPERIENCED HITTERS joined the Jays for their second season. Righthanded-hitting designated hitter Rico Carty and lefthanded-hitting first baseman John Mayberry joined the club to add to the offensive punch expected to come from Ault, Velez, Bailor, and third baseman Roy Howell.

The club's first free agent, Luis Gomez, played shortstop, and Canadian infielder Dave McKay was shifted to second. In the bullpen, Pete Vuckovich was traded for two pitchers, lefthanded starter Tom Underwood and twenty-year-old reliever Victor Cruz.

Despite the changes and the improvement in many of the Jays' young players, this was a tough year on the field, as the club lost 102 games. Consistent offence and pitching proved elusive, as the Jays were outscored by their opponents 775-590 over the course of the season. Carty and Mayberry each hit 20 home runs and combined to drive in 138, but it wasn't enough.

A bright spot was rookie centrefielder Rick Bosetti who had seventeen assists and established a Blue Jays tradition of fast, young outfielders. Roy Howell, 1978's Player of the Year, played strongly at third base, while contributing eight homers and 61 RBIs.

Jim Clancy, in his first full season in the big leagues, was the club's only pitcher to win ten games. Tom Underwood led the staff in strikeouts with 140 while Victor Cruz topped all Toronto relievers with nine saves and a minuscule ERA of 1.71. Underwood got the win in the highest-scoring game in Jays history, a 24-10 win over Baltimore on June 26. Mike Willis, a lefthanded reliever, had his first start of the season on September 20 when he faced Ron Guidry of the Yankees. Guidry was enjoying a sensational season and was 22 and 2 coming into Toronto. Willis responded with his only complete major-league game, beating Guidry and the Yankees 8-1.

In the June free-agent draft, the Jays, picking second, selected a young outfielder named Lloyd Moseby. Down in "A" ball, eighteen-year-old Jesse Barfield hit just .206, and another struggling slugger, Dave Stieb, was switched from the outfield to the pitcher's mound.

1977 Major League Baseball comes to Toronto

Manager	W	L	Pct.	Pos.	GB	Attendance

Dave Lemanczyk had 13 wins and 278 IP.

APRIL 7, 1977: Big-league baseball came to Toronto, to a snow-covered field. The 1977 Blue Jays – a team of rookies, career minor-leaguers, and players other clubs didn't want – played the Chicago White Sox, a team then in its seventy-sixth year of existence. And, just as in the story books, the unknown Blue Jays won – and Torontonians were won over. That season, 1,701,052 fans turned out to share the city's first taste of major-league baseball.

The first-year Jays never threatened to win the pennant – they finished with 54 wins and 107 losses – but the team was entertaining and surprisingly competitive, with 77 of its 161 games decided by only one or two runs. And the club had character; players began emerging as fans' favourites right from that first game on April 7.

Doug Ault, a 27-year-old rookie first baseman, homered twice in the Jays' first game. Outfielder Otto Velez, acquired from the New York Yankees, started the season with a bang, hitting .442 for the month of April and winning the American League Player of the Month award. Bob Bailor, the Jays' first pick in the 1976 expansion draft, turned in a gritty first-season performance which saw him hit .310, the highest-ever mark for a player on a first-year expansion club. Ron Fairly, a twenty-year veteran, led the club with nineteen home runs and became the first player since Stan Musial to play more than 1,000 games in both the infield and the outfield.

On the mound, Dave Lemanczyk led the staff, working 252 innings and recording thirteen wins, another first-year expansion club record. Second in wins and innings pitched was lefthanded forkballer Jerry Garvin, who led the A.L. in pickoffs with 22. The club's first relief specialist was Pete Vuckovich who finished with eight saves, a 7-7 record, and an ERA of 3.47. Vuckovich, who went on to win the Cy Young Award with Milwaukee in 1982, pitched the Jays' first shutout, a 2-0 win over Baltimore on June 26.

The Blue Jays were in the big leagues, and the slow process of building a ballclub had begun.

SKYDOME

Toronto's superb new stadium with a retractable roof became the official home park of the Blue Jays on Monday, June 5, 1989.

In moving to SkyDome, the Jays find themselves playing in the world's most advanced and luxurious ballpark. From bottom to top, everything from the artificial turf to the seating, video scoreboard, and roof employs the finest and newest technology available. Located to the west and south of the CN Tower and north of the Esplanade between John and Peter Streets, the very scale of the project is astonishing. When closed, the retractable roof covers an area of eight acres and rises to an inside height equivalent to that of a 31-storey building — almost twice as high as Minnesota's Metrodome.

From its conception, SkyDome took an innovative approach to financing, construction and design. The stadium is owned by Stadium Corporation of Ontario Ltd., a partnership that incorporates both government and private investors. The Province of Ontario and the Municipality of Metropolitan Toronto contributed $30 million each. Joining these two levels of government are 30 Canadian corporations — including the Toronto Blue Jays Baseball Club — each of which has contributed $5 million in exchange for preferred-supplier status and a SkyBox. Canada's three major breweries have also joined the partnership with $5 million contributions. This blending of public- and private-sector investment stands as a unique model in the financing of a showpiece project. The final cost of SkyDome construction is more than $500 million.

Architects Rod Robbie and Michael Allen designed SkyDome and have patented its retractable-roof system. Site preparation began in April of 1986, with groundbreaking taking place in October of that same year. The last exterior concrete was poured in November of 1988 and the first test of the moveable roof panels took place in January of 1989. More than 10,000 person-years of employment were created by the construction of the new stadium.

TORONTO BLUE JAYS OWNERSHIP

On March 26, 1976, the American League granted an expansion franchise to a group consisting of Labatt's Breweries, Imperial Trust Limited and The Canadian Imperial Bank of Commerce. Both Labatt's Breweries and Imperial Trust each controlled 45% of the team. The C.I.B.C. had the other 10% of the club. Imperial Trust was a holding company set up by the late R. Howard Webster, who was instrumental in the granting of the franchise in 1976. The Webster family still maintained their share of the ownership until selling their 45% to Labatts in November, 1991. The ownership presently consists of John Labatt Limited, 90% and Canadian Imperial Bank of Commerce, 10%.

ANDERSON - TRANSACTIONS

- On disabled list from May 12 to June 23, 1986.
- On disabled list from May 20 to June 11 and August 16 to September 1, 1990.
- Signed as a six-year free agent by Toronto (Syracuse roster) Jan. 1, 1992.

ROLAIDS RELIEF MAN AWARD The Rolaids Relief Man Award relies upon a unique scoring system:

- Three points for each save
- Two points for each win
- Two points deducted for each loss
- Two points deducted for each "blown save"

In the rare instance when a relief pitcher enters a game with a lead that is greater than what is allowed to qualify for a save—Scoring Rule 10.20 (3b)—and gives up the lead he will be assessed a two-point penalty (as he would have had he blown a save opportunity). He will not be charged with a "blown save" since the opportunity for a save did not exist.

In case of ties (for the monthly or annual awards), the relief pitcher with the better percentage of successful "save conversions" (saves divided by save opportunities) will be the winner. If a race is still tied, the pitcher with the lowest earned run average for relief appearances will be the winner.

"BLOWN SAVE" DEFINITION When a relief pitcher enters a game in a save situation and departs or the game ends with the save situation no longer in effect because he has given up the lead, he is charged with a "blown save". (If the save opportunity still exists when he leaves the game, he is not charged with a save opportunity. If the pitcher has not given up the lead when he leaves the game, though the save opportunity may no longer exist, he is not charged with a save opportunity.)

RAWLINGS GOLD GLOVE AWARD

JESSE BARFIELD (OF) and TONY FERNANDEZ (SS) in 1986 became the first Blue Jays in the club's history to win Gold Gloves. Both BARFIELD (OF) and FERNANDEZ (SS) were repeat winners in 1987. Fernandez went on to capture honours in 1988, and 1989. KELLY GRUBER (3B) captured his first Golf Glove in 1990. In 1991 ROBERTO ALOMAR (2B) and DEVON WHITE (OF) won Gold Gloves.

The famous Rawlings gold Glove Award, symbolic of fielding excellence, was first introduced by Rawlings in 1957. One major league team was selected the first year and included players like Gil Hodges, Nelson Fox, Roy McMillan and Frank Malzone in the infield, Willie Mays, Al Kaline and Minnie Minoso in the outfield, Bobby Shantz on the mound and Sherm Lollar behind the plate.

Since 1958, the Rawlings Gold Glove Award© has been presented annually to the eighteen players, nine in each league, by position. These outstanding players are judged and selected as the best fielding players at their respective position by the major league coaches and managers prior to the conclusion of the regular baseball season. Managers and coaches may not select players from their own club and only vote for players in their own league. Votes are tabulated for Rawlings by The Sporting News.

STIEB'S NO-HITTER

SEPTEMBER 2, 1990 at CLEVELAND — TORONTO 3, CLEVELAND 0

DAVE STIEB chalked up his first no-hitter and the first in BLUE JAYS history as he stopped the Cleveland Indians on a sunny Sunday afternoon at Cleveland Stadium before a crowd of 23, 640.

The game ended as Cleveland's Jerry Browne whacked a fly to right field where JUNIOR FELIX put the squeeze on it.

Stieb had a season high nine strikeouts and walked four over his 122-pitch afternoon.

There were no tough plays and only a couple of well hit balls. Closest the Tribe came to a hit was KEN PHELPS pulling a liner about three feet foul to open the eighth inning.

The BLUE JAYS and STIEB got their offensive support from FRED McGRIFF who hit two solo home runs and from MANNY LEE who doubled home KENNY WILLIAMS in the fifth inning.

Stieb had previously gone 8.2 innings, three times, protecting no-hitters. He had back-to-back attempts in September 1988; on September 24, 1988 at Cleveland Stadium, JULIO FRANCO's had a bad hop single over second baseman MANNY LEE's head. In his next start, against Baltimore at Exhibition Stadium, JIM TRABER looped a single over first baseman FRED McGRIFF's outstretch glove hand. Both no-hit bids were lost on 2-2 pitches. STIEB also had a perfect game for 8.2 innings on August 4, 1989 vs the Yankees at SkyDome. ROBERTO KELLY doubled to left to break it up.

NAME THE TEAM CONTEST

The Blue Jays were named in a contest conducted in June and July of 1976. Over 30,000 individual entries were received, suggesting over 4,000names for the new American League club. From the list of names submitted, specially-appointed panels of judges selected ten names to submit to the Board of Directors. The Directors chose the name "Blue Jays" from that list and announced their decision on August 12th, at which time the team officially became the Toronto Blue Jays Baseball Club.

A total of 154 people submitted the name Blue Jays, and a drawing was held to select a grand prize winner from those who submitted the name. Dr. William Mills of Etobicoke, Ontario, won a pair of season tickets for 1977 and an all-expenses paid trip for himself and his family to watch the Blue Jays at spring training in Dunedin, Florida. Nine runners-up also won season tickets.

BLUE JAYS LOGO

The Blue Jays logo was created by the Toronto design firm of Savage Sloan, Ltd. It depicts a stylized Blue Jay on a red baseball outline incorporating a red maple leaf. The logo features two shades of blue, and red. It was selected to represent three facets of the club's identity: the team name, baseball, and the fact that the team is Canadian.

DAVE STIEB batted against Minnesota Twins on August 29, 1980 at Exhibition Stadium but he was playing the outfield.

Stieb had gone in to play left field in the 15th inning of a suspended game started on August 28th.

In his only time at the plate he flied out to the center-fielder, Ken Landreaux in the bottom of the 15th....The pitcher was Al Williams.

He played one inning and had no fielding opportunities as the Jays lost 7-5 in 15 innings.

CALL IT A DRAW! The Blue Jays have played two tie games in their history. The first one was May 13, 1984 at Cleveland...with one out in the top of the 8th inning the rains came and play could not continue with the score 4-4...The game had to be completely replayed as part of a TWDH on August 15th...The second occurrence was at Cleveland on August 26, 1986...Play was halted after 9 innings due to rain...The game was completely replayed as part of an August 27th TWDH...Even though the games were rained out, the statistics from the games were entered into the books.

HITTING FOR THE CYCLE

Third baseman Kelly Gruber is the only Blue Jays' player to hit for the cycle...Gruber collected four hits and a career high six RBI, April 16th, 1989 at Exhibition Stadium vs the Kansas City Royals...Gruber homered in the first inning vs Floyd Bannister; a two-run double—the second inning, also against Bannister; a two-run triple vs Tom Gordon—the 7th inning; and, an RBI single—the 9th inning vs Jerry Don Gleaton...Only three opponents have hit for the cycle vs the Blue Jays...They are: Mike Cubbage, Minnesota Twins, July 27, 1978 (Metropolitan Stadium); Rich Gedman, Boston Red Sox, September 18, 1985 (Fenway Park) and George Brett, Kansas City Royals, July 25, 1990 (SkyDome).

BASE THEFTS ABOUND: On August 5, 1984 at Baltimore the Blue Jays set a club record with seven stolen bases. Dave Collins and Willie Upshaw each set personal highs with four and two respectively while Lloyd Moseby picked up one. Ironically, not one of the seven bases figured in the scoring of a Blue Jays 4-3 win.

AMERICAN LEAGUE CHAMPIONSHIP SERIES 1985

As the Blue Jays entered post season play for the first time, they would face the Kansas City Royals in the first ever best-of-seven American League Championship Series. . . The Blue Jays, who finished nine games ahead of the Royals in the loss column, were the favourites and would enjoy the extra home game.

In Game 1 Dave Stieb lived up to superstar billing, shutting out the Royals on three hits through eight innings with no base runner advancing past second base. The Blue Jays struck quickly with two runs in the second, three in the third and one in the fourth. The Blue Jays offense was sparked by 2 RBI performances by Ernie Whitt and Tony Fernandez.

Game 2 was a much more even affair with the Blue Jays eeking out a 6-5, 10-inning win. The Royals jumped into a quick 3-0 lead after $3^1/_2$ innings primarily on the strength of a 2 run HR by Willie Wilson in the 3rd inning. The Blue Jays rallied and took the lead on a George Bell sacrifice fly in the 8th. The Royals rallied, however in the 9th a on pinch hit HR by Pat Sheridan with the go ahead run being delivered in the 10th on a Frank White single. The Blue Jays won it in the bottom of the 10th on a two-out 2 run single by Al Oliver. On to Kansas City, the Blue Jays were up 2-games to none.

In Game 3, George Brett put on a baseball clinic going 4-4, 2 HR's, 3 RBI with 4 runs scored enroute to a 6-5 Royals win. Leading 5-2 after $4^1/_2$ innings the Blue Jays squandered the lead for good in the 8th when Brett led off the inning with a single and eventually scored.

Game 4, the Blue Jays came within one win of a World Series berth with a 3-1 come-from-behind victory. The Blue Jays won the game dramatically with 3 runs in the top of the ninth inning, the big blow being a 2 run pinch hit double by Al Oliver.

In Game 5, LHP Danny Jackson went the distance checking Toronto on 8 hits and scoring a run in each of the first two innings. Blue Jays still led the series 3-games to 2.

The Blue Jays and Royals returned to Exhibition Stadium for Game 6. Entering the 5th inning tied at 2-2 George Brett once again delivered the decisive blow with a solo HR. And, with 3.2 shutout innings of relief from Buddy Black and Dan Quisenberry, the Royals pulled even in the series for the first time at three-games apiece.

October 16th – Game 7 – Dave Stieb, the ace of the Toronto staff vs eventual Cy Young Award winner Bret Saberhagen. The Royals came out on top 6-2 shellacking Dave Stieb for six runs in 5.2 innings. The big blow being a wind-assisted bases clearing triple by Jim Sundberg to cap a four run 6th inning.

The Kansas City Royals became only the 5th club in major league history to trail a series 3-games to one and comeback to win the series. The Blue Jays? They slumped immediately after scoring five runs in the 5th inning of Game 3 scoring only eight runs in the last 40 innings.

AMERICAN LEAGUE CHAMPIONSHIP SERIES 1989

For the second time in five seasons, the Blue Jays were American League East Division Champions. The Blue Jays would face the Oakland Athletics who had the best record in the Major Leagues in 1989.

Game #1: The Blue Jays surrendered 2-0 and 3-1 leads as the Athletics scored three times in the sixth and twice in the eighth to win 7-3. In the sixth inning Mark McGwire cracked a lead off HR to tie the game and two runs scored when Carney Lansford's double play ball was botched. Dave Stewart allowed five hits over eight innings for the win.

Game #2: The Athletics tallied twice in the fourth inning and three in the sixth en route to a 6-3 win. A's outfielder Rickey Henderson was a one-man wrecking crew going 2-for-2 with two runs scored and four stolen bases. Athletics' righthander Mike Moore allowed just three hits and an unearned run in seven innings.

Game #3: The Blue Jays snapped a five game post season losing streak dating back to 1935 with a convincing 7-3 win. The Blue Jays jumped on Athletics' starter Storm Davis for four runs on four hits in the fourth inning and salted the game away with another three runs in the seventh inning. The win ran the Blue Jays' record to 11-0 at SkyDome with the roof closed. Overcoming a 3-0 Athletics' lead Mookie Wilson and Tony Fernandez paced the Blue Jays with two hits apiece, the latter with two doubles.

Game #4: The Athletics took a commanding 3-1 lead in games with a 6-5 win over the Blue Jays. Rickey Henderson was again a major catalyst with two HR's which accounted for four RBI. The Blue Jays collected 13 hits, 11 of which were singles and attempted to overcome a 5-2 deficit with one run in the sixth and seventh innings and two in the eighth.

Game #5: The Blue Jays spotted the Athletics a 4-0 lead into the seventh inning before eventually losing the game 4-3 and the best-of-seven series in five-games. Trailing 4-1 after eight innings the Blue Jays scored twice in the ninth inning on a leadoff HR by George Bell and a sacrifice fly by Kelly Gruber.

Epilogue: In essence it was Rickey Henderson defeating the Blue Jays four-games to one. Henderson batted .400, slugged 1.000, had a .609 on-base percentage and swiped a LCS record eight stolen bases. The Blue Jays hit .242 as a team (compared to Oakland's .272) with only eight of their hits being for extra bases. They were outscored 8-3 in the first three innings and 12-7 in the middle three before outscoring the Athletics 11-6 in the final three innnings. Unfortunately it is virtually impossible to consistently battle back from an early inning deficit. Although anything can happen in a "short series" the best team of the regular season continued that charted course into post-season, winning eight of nine contests.

AMERICAN LEAGUE CHAMPIONSHIP SERIES 1991

In 1991, the Toronto Blue Jays won the American League East for the third time in the history of the organization...The Blue Jays faced the Western Division Champion Minnesota Twins in a series that would decide the American League Champion...The Minnesota Twins emerged victorious as they won the best of seven games series by a 4 games to 1 count...Below is a summary of the series.

Game #1: Toronto starter Tom Candiotti lasted just 2.2 innings and allowed five earned runs before being lifted in favour of David Wells...The Twins would not need to score another run...The Blue Jays rallied for a run in the fourth and three runs in the sixth on five consecutive hits off Twins starter Jack Morris...Those four runs would be all Toronto could muster as they lost 5-4 at the Metrodome.

Game #2:Toronto took an early lead as they jumped on Twins starter Kevin Tapani, scoring three times in the first three innings...Rookie Toronto starter Juan Guzman lasted 5.2 innings allowing four hits and just two earned runs before the ball was handed to the bullpen...Tom Henke and Duane Ward combined for 2.1 innings of shutout relief and six strikeouts...Devon White scored three of the five Toronto runs as the Blue Jays won their only 1991 ALCS game 5-2 in Minneapolis.

Game #3:Joe Carter's first inning home run and a Candy Maldonado double put the Blue Jays ahead 2-0 until the sixth inning when the Twins were able to put their second run across the plate and tie the game at two apiece...Toronto starter Jimmy Key scattered five hits over six innings and allowed two earned runs...The game went into extra-innings and ended in dramatic fashion as Mike Pagliarulo, pinch hitting for Scott Leius, homered to right off of Blue Jays reliever Mike Timlin...Toronto was retired 1-2-3 in their half of the tenth as the Twins defeated Toronto 3-2 at SkyDome.

Game #4: Blue Jays starter Todd Stottlemyre allowed seven hits in 3.2 innings before exiting with Toronto trailing 4-1...The Twins' Kirby Puckett hit his first home run of the series and Dan Gladden collected three RBI on three hits to pace Minnesota to a 9-3 win at SkyDome...It was Jack Morris' second win of the ALCS as he pitched eight innings allowing just two runs.

Game #5: Kirby Puckett displayed his power once again as he homered in the first inning off Tom Candiotti to put the Twins ahead 1-0...Toronto put together three runs in the third and a pair in the fourth to go ahead 5-2...Minnesota was able to post three runs in their half of the sixth inning and tie the game at five...Duane Ward was handed the loss for Toronto as he allowed three runs in the eighth...Toronto was shutdown by five shutout innings of relief...Devon White, Roberto Alomar and Manuel Lee each collected a pair of hits in the losing effort as Minnesota took the American League crown with an 8-5 win.

AWARDS

LABATT'S 'BLUE' PLAYER OF THE MONTH

Voting is conducted after each Blue Jays game, home and away, by a panel of accredited media personalities to select the outstanding Blue Jays player. The player with the greatest point total at the end of the season receives the Labatt's 'Blue' Most Valuable Player Award, along with $1000 and a cheque in a matching amount donated to the player's favourite charity. Monthly winners receive $500 and a matching amount to their favourite charity along with the Labatt's 'Blue' Player of the Month Trophy. In 1983 the award was split into separate 'Player' & 'Pitcher' awards.

CANADIAN BASEBALL HALL OF FAME

THE CANADIAN BASEBALL HALL OF FAME was inaugurated in 1983 to honour those who have made a major contribution to Canadian baseball.

The Blue Jays organization have great pride in three of their own who have been inducted into Canada's Baseball Hall of Fame.

DR. RON TAYLOR, inducted in 1985 was a right-handed relief pitcher with five major league teams from 1962 to 1972.

Taylor, who helps in the game today as team physician for the Blue Jays, appeared in two World Series working seven innings without allowing a run.

In 1964, Taylor led the World Champion St. Louis Cardinals in appearances with 63 and saved game four of the World Series vs the Yankees with four innings of shutout ball.

In 1969, as a member of the New York Mets, Taylor led the club in saves (13) and appearances (59) and picked up a World Series save against the Baltimore Orioles.

Taylor started his career in 1962 with Cleveland and also pitched for Houston and San Diego.

He pitched 799 innings in 491 games for a record of 45 wins, 43 losses, 72 saves and a 3.93 ERA.

BOBBY PRENTICE, inducted in 1986, is one of Canada's most successful scouts.

Prentice, who joined the Blue Jays as Director of Canadian Scouting on Nov. 1, 1976 had previously been associated with the Detroit Tigers as a scout.

During his 10 full-time and seven part-time seasons as a scout for the Tigers, Prentice was responsible for signing of such Canadians as John Hiller, George Korince and Mike Kilkenny—three Canadians who pitched in the Tiger organization through the 1960s.

Prentice was also instrumental in the Tigers drafting of Dave Lemanczyk, who was playing for Guelph of the Inter-County League in Ontario. Lemanczyk went on to a major league career which included a stop with the Blue Jays.

He played in the Cleveland Indian organization for ten years between 1948 and 1957. As a power hitting infielder, Prentice led his club in home runs four times and led the Three I (Class B) League in RBI in 1950.

As a member of the American Association pennant-winning Indianapolis team in 1954, he was a teammate of such Indian greats as Herb Score and Rocky Colavito.

His greatest involvement in Canadian baseball comes as an inspiration to seek continued improvement for amateur baseball. He is directly involved in projects such as the National Baseball Institute, Blue Jays Festival Game, Blue Jays Youth All-Star Tournament and co-ordination of clinics for coaches and players across Canada.

REGGIE CLEVELAND, 43 from Swift Current, Saskatchewan, played twelve seasons in the Major Leagues. He was inducted into the Canadian Baseball Hall of Fame in 1986. During his career he played with St. Louis, Boston, Texas and Milwaukee. CLEVELAND holds the distinction of being the only Canadian pitcher ever to start a World Series game. His lifetime record is 103 wins and 103 losses, with an ERA of 3.97 in 1,744 innings pitched. He was hired as a minor league pitching coach in November, 1990.

BLUE JAYS' MAJOR LEAGUE DRAFT SELECTIONS

The Major League Draft is held annually during the winter meetings. Players on a minor league roster with three years of pro ball may be drafted for $50,000. Prior to 1985 the draft price was $25,000.

The drafted player must remain with his new club for the full season or be offered back to his original club for $25,000. The drafting is in reverse order of previous seasons records and alternating between leagues.

Following this major league draft, a separate selection is held by National Association clubs from class AAA to A levels. A "AAA" selection price is $12,000. A "AA" selection is $4,000.

FREE AGENCY

Free agency came about in 1976 when 24 players refused to sign contracts and opted for, at season's end, the right to participate in a re-entry draft.

That draft took place in New York on November 4. Clubs were permitted to select players with whom they could negotiate. There was no compensation for clubs who lost players in this draft.

In layer years, the draft was abolished and compensation was required.

Other than signing their own players who had opted for free agency and free agent players signed after being released, the Blue Jays' involvement in the free agent market has been:

Signed for:

1977	Luis Gomez	from	ATLANTA BRAVES
1984	Dennis Lamp	from	CHICAGO WHITE SOX
1991	Ken Dayley	from	ST. LOUIS CARDINALS
	Pat Tabler	from	NEW YORK METS
1992	Jack Morris	from	MINNESOTA TWINS
	Dave Winfield	from	CALIFORNIA ANGELS

FORFEIT GAME: The Blue Jays have played one forfeit game, a 9-0 decision vs Baltimore on September 15, 1977...In that game Jim Clancy had held the Orioles to two-hits over five innings before Earl Weaver pulled his club off the field...His reason was that the tarps on the Blue Jays bullpen created a hazard for his players.

BATTING DATA: The 215 HR's hit by the BLUE JAYS in 1987 was a club record and enabled the BLUE JAYS to have the sixth most HR's in the American League history behind the 1961 Yankees (240), 1987 Tigers and 1963 Twins (225), the 1964 Twins (221) and the 1982 Brewers (216)...It also placed eighth overall on the major league list...National League clubs which have eclipsed the 200 HR mark include the 1953 and 1955 Brooklyn Dodgers (208, 201), the 1956 Cincinnati Reds (221), the 1987 Chicago Cubs (209) and San Francisco Giants (205).

BLUE JAYS AND EXPOS: There are 20 different players who, at one time or another, played for both the Blue Jays and the Expos...The "All-Canadian" consists of pitchers Mickey Mahler, Dale Murray, Balor Moore and Dyar Miller, infielders Ron Fairly, Damaso Garcia, Rene Gonzales, Fred Manrique, Tommy Hutton, Tom Lawless, Ken Macha, Jim Mason, Tony Solaita, Hector Torres and Al Oliver as well as outfielders Anthony Johnson, Mitch Webster, Kenny Williams and catchers Sal Butera and Steve Nicosia...As well the following have worked as coaches for both clubs - Galen Cisco and Jackie Moore.

AC JOINT - Acromioclavicular joint; joint of the shoulder where acromion process of the scapula and the distal end of the clavicle meet; most shoulder separations occur at this point.

ANTERIOR - In front of; the front surface of.

ANTERIOR CRUCIATE LIGAMENT (ACL) - A primary stabilizing ligament within the center of the knee joint that prevents hyperextension and excessive rotation of the joint. A complete tear of the ACL necessitating reconstruction could require up to 12 months of rehabilitation.

ANTI-INFLAMMATORY - Any agent which prevents inflammation, such as aspirin or ibuprofen.

ARTHROGRAM - X-ray technique for joints using air and/or dye injected into the affected area; useful in diagnosing meniscus tears of the knee and rotator cuff tears of the shoulder.

ARTHROSCOPY - A surgical examination of the internal structures of a joint by means of viewing through an arthroscope. An arthroscopic procedure can be used to remove or repair damaged tissue or as a diagnostic procedure in order to inspect the extent of any damage or confirm a diagnosis.

CARTILAGE - Smooth, slippery substance preventing two ends of bones from rubbing together.

CAT SCAN - Use of a computer to produce a cross-sectional view of the anatomical part being investigated from x-ray data.

CONCUSSION - Jarring injury of the brain resulting in dysfunction. It can be graded as mild, moderate or severe depending on loss of consciousness, amnesia and loss of equilibrium.

CONTUSION - An injury to muscle and tissues cause by a blow from a blunt object.

DISC - A flat, rounded plate between each vertebrae of the spine. The disc consists of a thick fibering which surrounds a soft gel-like interior. It functions as a cushion for the spinal column.

FEMUR - Thigh bone; largest bone in the body.

FIBULA - Smaller of the two bones in the lower leg; runs from the knee to the ankle along the outside of the lower leg.

INFLAMMATION - The body's natural response to injury in which the injury site might display various degrees of pain, swelling, heat, redness and/or loss of function.

LATERAL - To the outside of the body.

MEDIAL - To the inside of the body.

LIGAMENT - Band of fibrous tissue that connects bone to bone, or bone to cartilage and supports and strengthens joints.

MAGNETIC RESONANCE IMAGING (MRI) - Imaging procedure in which a radio frequency pulse causes certain electrical elements of the injured tissue to react to this pulse and through this process a computer display and permanent film establish a visual image. MRI does not require radiation and is very useful in the diagnosis of soft tissue, disc, and meniscus injuries.

MEDIAL COLLATERAL LIGAMENT (MCL) - Ligament of knee along the medial aspect that connects the femur to the joint.

MENISCUS - Crescent shaped cartilage, usually pertaining to the knee joint; also known as "cartilage." There are two menisci in the knee, medial and lateral. These work to absorb weight within the knee and provide stability.

POSTERIOR - At the back part, or rear of the body.

POSTERIOR CRUCIATE LIGAMENT (PCL) - A primary stabilizing ligament of the knee that provides significant stability and prevents displacement of the tibia backward within the knee joint. A complete tear of this ligament necessitating reconstruction could require up to 12 months of rehabilitation.

QUADRICEP MUSCLES "QUADS" - A group of four muscles of the front thigh that run from the hip and form a common tendon at the patella; they are responsible for knee extension.

ROTATOR CUFF - Comprised of four muscles in the shoulder area that can be irritated by overuse. The muscles are the supraspinatus (most commonly injured), infraspinatus, teres minor and subscapularis.

ROTATOR CUFF IMPINGEMENT SYNDROME - A microtrauma or overuse injury caused by stress. The four stages are: 1) tendentious with temporary thickening of the bursa and ratator cuff 2(fiber dissociation in the tendon with permanent thickening of the bursa and scar formation 3) a partial rotator cuff tear of less than 1 cm and 4) a complete tear of 1 cm or more.

SHIN SPLINT - A catch-all syndrome describing pain in the shin that is not a fracture or tumor, and cannot be defined otherwise.

SPRAIN - Injury resulting from the stretch or twist of the joint and causes various degrees of stretch or tear of a ligament or other soft tissue at the joint.

STRAIN - Injury resulting from a pull or torsion to the muscle or tendon that causes various degrees of stretch or tear to the muscle or tendon tissue.

STRESS FRACTURE - A hair-line type of break in a bone caused by overuse.

TENDINITIS - Inflammation of the tendon and/or tendon sheath, caused by chronic overuse or sudden injury.

TENDON - Tissue that connects muscle to bone.

TIBIA - Larger of the two bones of the lower leg and is the weight-bearing bone of the shin.

ULNAR NERVE - Nerve in the elbow commonly irritated from excessive throwing.

ULTRASOUND - An electrical modality that transmits a sound wave through an applicator into the skin to the soft tissue in order to heat the local area for relaxing the injured tissue and/or disperse edema.

NOTE: This list is not meant to be all inclusive, nor should it be used as a substitute for a physician's diagnosis and/or description of an injury or illness.

PLAYER LIMITS: 40 until opening day, when the number must be reduced to 25 until September 1, when it again becomes 40. The minimum number of active players maintained by each club throughout the championship season shall be 25.

TRADING REGULATIONS: The trading deadline is July 31.

Trades may be made with any other major league club in the period from the end of the championship season through July 31 (midnight) without waivers. Waivers are required, however:

1. If the assignment is to another major league club: From August 1 and ending at 5 pm EDT the day after the end of the season.
2. If assignment is to a minor league club, with right of recall, at any time after 3 years from the date the player first reported to a major league club during a championship season.
3. If assigned to a minor league club without right of recall, after acquiring 3 years service: At any time during the year.
4. If assigned to a minor league club, without right of recall, at any time prior to acquiring three years of service, special waivers are required between September 1 and the opening of the following season. If player is claimed, request may be withdrawn. If no claims are made, club has 7-day period in which to make assignment to minor leagues.

WAIVERS: The 1985 collective bargaining agreement brought about changes in the waivers process. Following is information on the new waiver agreements.

SUBSTANTIVE

- The "trading deadline" is now July 31. Waivers are required for any inter- or intra-Major League assignment during the period beginning August 1 and ending at 5 pm ET the day after the end of the season. During the other ten months of the year no waivers are needed.
- It will be easier to compute which players need waivers before they may be optioned: if three years (less one for each previously spent on option) have elapsed since the player actually reported to the Major Leagues for the first time, waivers are required. The date of actual physical reporting will be used as the benchmark instead of the date the player was first placed on a club's 40-man roster.
- The procedure for outright assignments to the National Association remains unchanged from the 31st day of each season until August 31; during this period, ordinary waivers are required. However, from September 1 until the 30th day of the following season, special waivers are required:
- The club must tender a special waiver request specifying that waivers are requested for the purpose of outright assignment to the National Association. The claiming period, as with other waivers, is three business days, and an assignment pursuant to special waivers must be completed by 2 pm ET the seventh day after the waivers were secured.
- Seventy-two-hour waivers, secured on players recalled not to report, continue unaffected except insofar as they no longer suffice for an outright assignment to the National Association during those times in the year when special waivers are required.

PROCEDURAL

- Waiver requests deadline is now 2:00 pm Eastern Time.
- Claiming period is now three business days for all waiver requests, including "special waivers" and waivers for the purpose of unconditional release.
- AL Only and NL Only waivers have been abolished.
- In the event of claims, withdrawals period is two business days.
- A club may withdraw once per waiver period on any one player.
- New waiver periods:
  November 11-30th day of season
  31st day of season-July 31
  August 1-November 10
- "Special waivers" and waivers for the purpose of unconditional release may both be requested during the closed period, October 10-November 10.
- Waiver price for selected and draft-excluded players is now $25,000, and may be set by agreement ($20,000 minimum) in all other waiver assignments. Rules on priority of claim are unchanged.
- Closed period on selected and draft-excluded players now runs from October 10 through the 25th day before Opening Day, and no assignments may be made pursuant to such waivers until 15 days before Opening Day. "Dates to Remember", from the league offices, will specify the correct dates each year.

FREE AGENCY (RE-ENTRY): The 1985 collective bargaining agreement brought about changes in the free agency process. Following is the appropriate information:

Six years of Major League Service continues to be required to be eligible for free agency.

The Re-Entry Draft has been abolished.

A player has 15 days from the first day following the World Series to file for free agency

By December 7, former club must offer to arbitrate or becomes ineligible to sign player. By December 19, player must accept offer or on January 9 former club becomes ineligible to sign the player. (Ineligible club regains eligibility the following May 1.)

If club and player proceed to arbitration, maximum salary cut rules do not apply.

Player who accepts former club's offer to arbitrate is not subject to repeater rights limitations.

SALARY ARBITRATION:

Beginning in 1987, three years Major League Service required for eligibility.

Beginning in 1987, maximum cut rules do not apply if in immediately preceding year player won arbitration increase of over 50%.

Beginning in 1987, arbitrator is officially instructed to give particular attention for purposes of comparison to salaries of players with Major League Service no more than one annual service group higher than player who is arbitrating.

FREE AGENT DRAFT RULE (AMATEUR DRAFT) - REVISED FOR 1987: One selection meeting shall be conducted each year in June to be known at the "Summer Meeting".

Major League Clubs shall select in reverse order of their league standing at the close of the preceeding season (determined by the percentage of games it won). No club may transfer to another club its right to select.

A selected player shall be placed on a club's Negotiation List and shall remain, thereon until the start of the Closed Period (The seven days preceding the Summer Meeting) of the next selection

meeting, unless at an earlier date he (1) signs a contract (2) is removed because he was not eligible for selection (3) becomes a College Player by entering or returning to college.
A club may not transfer its Negotiation Right to any other club.
REGULATION GAME: A regulation game consists of nine innings unless extended because of a tie score or shortened because (1) the home team needs none of its half of the ninth or only part of it; or (2) because the umpire-in-chief calls the game after five completed innings. A regulation game may be less than five innings if the home team is ahead after the first of the fifth, or takes the lead or ties the score while at bat in the fifth.
TIE GAME: A regulation game that is called by the umpire-in-chief when both teams have the same number of runs is a tie game. Individual player performances are official and are entered in the records, but the game does not count in the League standings and may be re-scheduled at a later date.
SUSPENDED GAME RULE:
Rule 4.12 SUSPENDED GAMES
(a) A league shall adopt the following rules providing for completion at a future date of games terminated for any of the following reasons:
(1) A curfew imposed by law;
(2) A time limit permissible under league rules;
(3) Light failure or malfunction of a mechanical field device under control of the home club. (Mechanical field device shall include automatic tarpaulin or water removal equipment.);
(4) Darkness because of any law, the lights may not be turned on.
(a) (5) Weather, if the game is called while an inning is in progress and before it is completed, and one of the following situations prevails:
(5) (i) The visiting team has scored one or more runs to tie the score, and the home team has not scored.
(ii) The visiting team has scored one or more runs to take the lead, and the home team has not tied the score or retaken the lead.
(b) Such games shall be known as suspended games. No game called because of a curfew, weather, or a time limit shall be a suspended game unless it has progressed far enough to have been a regulation game under the provisions of Rule 4.10. A game called under the provisions of 4.12(a)(3) or (4) shall be a suspended game at any time after it starts.
(c) By amending NOTE to read as follows:
NOTE: Weather and similar conditions—4.12(a) (1 through 5)—shall take precedence in determining whether a called game shall be a suspended game. A game can only be considered a suspended game if stopped for any of the five (5) reasons specified in Section (a). Any legal game called due to weather with the score tied (unless situation outlined in 4.12(a)(5)(i) prevails) is a tie game and must be replayed in its entirety.
(d) A suspended game shall be resumed and completed as follows:
(1) Immediately preceding the next scheduled single game between the two clubs on the same grounds;
or
(2) Immediately preceding the next scheduled double-header between the two clubs on the same grounds, if no single game remains on the schedule, or
(3) If suspended on the last scheduled date between the two clubs in the city, transferred and played on the grounds of the opposing club, if possible;
(i) Immediately preceding the next scheduled single game, or
(ii) Immediately preceding the next scheduled double-header, if no single game remains on the schedule.
(4) If a suspended game has not been resumed and completed on the last date scheduled for the two clubs, it shall be a called game.
(e) A suspended game shall be resumed at the exact point of suspension of the original game. The completion of a suspended game is a continuation of the original game. The lineup and batting order of both teams shall be exactly the same as the lineup and batting order at the moment of suspension, subject to the rules governing substitution. Any player may be replaced by a player who had not been in the game prior to the suspension. No player removed before the suspension may be returned to the lineup. A player who was not with the club when the game was suspended may be used as a substitute, even if he has taken the place of a player no longer with the club who would not have been eligible because he had been removed from the lineup before the game was suspended.
4.11(d)
A called game ends at the moment the umpire terminates play. **EXCEPTION:** If the game is called while an inning is in progress and before it is completed, the game becomes a SUSPENDED game in each of the following situations:
(1) The visiting team has scored one or more runs to tie the score and the home team has not scored.
(2) The visiting team has scored one or more runs to take the lead and the home team has not tied the score or retaken the lead.
DISABLED LISTS: REGULAR DISABLED LIST: The 21 and 30 day disabled lists were eliminated in August 1990. The 15 day list may be used for as many players as needed
EMERGENCY DISABLED LIST: Maximum number of players on list at one time-no limit. Minimum period of inactivity-sixty (60) calendar days. Players placed on this list after August 1st shall remain there for the balance of the season. This list may only be used when a club is at the maximum limit of 40 players.
AMERICAN LEAGUE CURFEWS: No inning of an American league night game can start after 1:00 a.m., local time. Any inning started prior to 1:00 a.m. can be completed. Curfews shall be waived for the final series of the season between two teams in each of the cities.
Any game, regardless of length, called because of the time curfew, becomes a suspended game and must be completed from the exact point of interruption before the teams play their next scheduled game against each other.
DEFINITION OF NIGHT GAME: Any game scheduled to start after 6:00 p.m. (i.e. 6:01 p.m., or later), will be considered a night game. If a game is scheduled to start at 6:00 p.m., and is delayed by rain or for any other reason, it will be considered a day game.
However, both games of a twi-night doubleheader shall be considered night games. When afternoon and night games are played on the same date and separate admissions are charged, they will be counted as one day and one night game, and will not be included in doubleheader statistics.

BATTING CHAMPIONSHIP QUALIFICATIONS: A batting champion must have 502 or more actual plate appearances. (The equivalent of 3.1 appearances for each of the 162 scheduled games.). If, however, there is any player with fewer than the required number of plate appearances whose average would be the highest if he were charged with the required number of official at bats, then the player shall be awarded the batting championship.

EARNED-RUN AVERAGE CHAMPION QUALIFICATIONS: To win the earned-run average championship a pitcher must pitch at least as many innings as the number of games scheduled for each club in his league that season and have the lowest earned-run average.

FIELDING CHAMPIONSHIP QUALIFICATIONS: The individual fielding champions shall be the fielders with the highest fielding average at each position, provided:

(1) A catcher must have participated as a catcher in at least one-half the number of games scheduled for each club in his league that season;

(2) An infielder or outfielder must have participated at his position in at least two-thirds of the number of games scheduled for each club in his league that season;

(3) A pitcher must have pitched at least as many innings as the number of games scheduled for each club in his league that season. **EXCEPTION:** If another pitcher has a fielding average as high or higher, and has handled more total chances in a lesser number of innings, he shall be the fielding champion.

DETERMINING THE MAGIC NUMBERS: Determine the number of games yet to be played, add one, then subtract the number of games ahead in the loss column of the standings from the closest opponent.

DETERMINING BATTING AVERAGE: Divide the number of at bats into the number of hits.

DETERMINING AN EARNED-RUN AVERAGE: Multiply the number of earned runs by nine; take the number and divide it by the number of innings pitched.

DETERMINING SLUGGING PERCENTAGE: Divide the total bases of all safe hits by the total times at bat. (At bats do not include walks, sacrifices, hit by pitcher, or times awarded first base because of interference or obstruction.)

DETERMINING ON BASE PERCENTAGE: Add the total of hits, walks and hit by pitches and divide by the total of at-bats, walks, hit by pitches and sacrifice flies.

DETERMINING FIELDING AVERAGE: Divide the total putouts and assists by the total of putouts, assists and errors.

DETERMINING PERCENTAGE OF GAMES WON AND LOST: Divide the number of games won by the total games won and lost.

CONSECUTIVE HITTING STREAKS: A consecutive hitting streak shall not be terminated if the plate appearance results in a base on balls, hit batsman, defensive interference or a sacrifice bunt. A sacrifice fly shall terminate the streak.

CONSECUTIVE-GAME HITTING STREAKS: A consecutive-game hitting streak shall not be terminated if all the player's plate appearances (one or more) result in a base on balls, hit batsman, defensive interference or a sacrifice bunt. The streak shall terminate if the player has a sacrifice fly and no hit. The player's individual consecutive-game hitting streak shall be determined by the consecutive games in which the player appears and is not determined by his club's games.

CONSECUTIVE-GAME PLAYING STREAK: A consecutive-game playing streak shall be extended if the player plays one-half inning on defense, or if he completes a time at bat by reaching base or being put out. A pinch-running appearance only shall not extend the streak. If a player is ejected from a game by an umpire before he can comply with the requirements of this rule, his streak shall continue.

SUSPENDED GAMES: For the purpose of this rule, all performances in the completion of a suspended game shall be considered as occurring on the original date of the game.

"SAVE" RULE: A pitcher shall be credited with a save when he meets all three of the following conditions:

(1) He is the finishing pitcher in a game won by his club, and

(2) He is not the winning pitcher, and

(3) He qualifies under one of the following conditions:

(3) (a) He enters the game with a lead of no more than three runs and pitches for at least one inning, or

(b) He enters the game regardless of the count, with the potential tying run either on base, at bat, or on deck (that is, the potential tying run is either already on base or is one of the first two batsmen he faces), or

(c) He pitches effectively for at least three innings.

DESIGNATED HITTER RULE: A hitter may be designated to bat for the pitcher in any spot in the batting order in any game without affecting the status of the pitcher. The designated hitter must be selected and be included on the lineup cards presented to the umpire-in-chief prior to the game. Failure to do so precludes the use of a designated hitter for that game.

The designated hitter is "locked" into the batting order but may be removed for a pinch-hitter or pinch-runner, who in turn becomes the designated hitter. The designated hitter, while still in the game, may be used defensively but the pitcher then assumes the batting order of the replaced defensive player, thus terminating the designated hitter role.

The designated hitter is eligible for all American League batting titles.

The designated hitter named in the starting lineup must come to bat at least one time, unless the opposition changes pitchers.

SCORING RULE ON PINCH-HITTERS: A player shall be considered a pinch-hitter only if he enters the game as a substitute batter and then only on his first time at bat which must be before he becomes a fielder. If the team bats around and a pinch hitter comes up a second time in the inning in which he first appeared he will not be considered a pinch hitter during that second time up.

A substitute hitter for a Designated Hitter is both a pinch hitter and a designated hitter on his first time at bat. On subsequent trips to the plate he is a Designated Hitter only.

EARNED-RUNS RULE: The determination of earned-run is as follows:

'An earned-run is a run for which the pitcher is held accountable. In determining earned-runs, the inning should be reconstructed without the errors and passed balls; and the benefit of the doubt should always be given to the pitcher in determining which bases would have been reached with errorless play.'

Until 1969, the reliever could not be charged with an earned-run if he entered the game after the side could have been retired but for an error, no matter how many runs he subsequently gave up in that inning. Now, runs, scored by batters who reach base off the reliefer are charged as earned

on that pitcher's record. They are not, however, charged as earned against the team as a whole. Therefore, a discrepancy may occur between the total earned-runs charged against a team and the sum total of the earned-runs charged against the individual pitchers of that team.

DOCTORED BAT: A batter is out for illegal action when he uses or attempts to use a bat that, in the umpire's judgment, has been altered or tampered with in such a way to improve the distance factor or cause an unusual reaction on the baseball. This includes bats that are filled, flat-surfaced, nailed, hollowed, grooved or covered with a substance such as paraffin, wax, etc. No advancement on the bases will be allowed and any out or outs made during a play shall stand. In addition to being called out, the player shall be ejected from the game and may be subject to additional penalties as determined by his League President. (Rule 6.06d).

DETERMINING A "MAJOR LEAGUE YEAR": 172 days constitute a full year in the major leagues.

MAJOR LEAGUE SERVICE:

is credited for each day the player appears on an active roster or major league disabled list or suspended list.

in the case of a player called up from the minor leagues, is credited beginning with the date he physically reports.

in the case of a major league player who is traded and reports in the normal course, service is not interrupted.

in the case of a player sent down to the minor leagues, is credited through the date of the assignment.

in the case of a player who is unconditionally released, is credited through the date waivers were requested.

in the case of a player designated for release or assignment (MLR 2), is credited after the designation, through the date of the actual assignment or the request for unconditional release waivers.

for a player who appears on his club's opening day roster, is credited as of the earliest scheduled opener, without regard to the actual opening date of his own club.

is credited at the rate of 172 days per "year', though the season is actually 182 days long.

is not credited during any period or periods of optional assignment totalling 20 days or more during a single season.

ROOKIE QUALIFICATION: A player shall be considered a rookie unless, during a previous season or seasons, he has (a) exceeded 130 at bats or 50 innings pitched in the major leagues; or (b) accumulated more than 45 days on the active roster of a major league club or clubs during the period of a 25-man limit (excluding time in military service) and time on the disabled list.

GAME WINNING RBI: The RBI that gives the club the lead it never relinquishes. (Note: There does not have to be a game-winning RBI in every game and all game-winning RBIs must conform to RULE 10.04).

PLAYING RULES:

Spectator Interference—batter, runner and other runner(s) will be placed at the base(s) which the umpires feel they would have reached with no interference.

Time—ball is dead, play suspended. This sign used when ball is foul, umpire then pointing to foul territory.

Batted Balls Fair or Foul—if fair, umpire points to fair territory—if foul he raises arms overhead (as in "Time" above) and then turns and points to foul territory, and vocally calls "foul".

SCHEDULE: The AL schedule uses a balanced format in which each club plays twelve games against all 13 opponents, for a total of 156 games. This includes six home contests and six away against each opponent.

However, in order to reach the seasonal total of 162 games, it is necessary to add six games to the above 156 total. This is accomplished by having each club play six additional games within its division—three home and three away, one with each club in its division.

MINIMUM SALARY: The minimum rate of payment to a player for each day of service on a Major League Club for the 1992 season is $109.000 U.S. Funds.

TERMINATION PAY: One full season's pay if player released opening day or later. Thirty days pay for player who is released on the 16th day before opening day or earlier. GRANT FIELD EXPANSION

The Blue Jays play their spring exhibition games at the newly expanded and modernized DUNEDIN STADIUM at GRANT FIELD.

Since 1977 the Blue Jays played at Grant Field with a seating capacity of 3,417.

The City of Dunedin, at a cost of approximately $2.4 million provided a new stadium in 1990 to be called Dunedin Stadium at the same location as Grant Field, at the corner of Douglas Avenue and Beltrees Street.

The new stadium was designed by the architect firm of JOHNSTON DANA ASSOCIATES and was built by CASE CONTRACTING Company of Plant City, Florida.

The old structure came down in the first weeks of September 1989.

Some of the features of Dunedin Stadium:

—a symmetrical 'U'-shaped structure with four entrance ramps
—total capacity is 6,218
—seats are arm chairs (4480) with top eight rows under cover
—bleacher seats (1698) are located along first base/left field lines
—grade level area for wheelchairs (20 plus 20 for attendants)
—upgrade in lighting standards adequate for AA and AAA
—two new concession stands
—new public restroom facilities
—first-aid room
—security office
—ticket windows
—TV/photographer pits
—press box provides two radio booths, one television booth plus seating for 25 members of print and electronic media
—media workroom and lounge for hospitality
—umpires room

The actual playing field remained the same as did Blue Jays and visitors clubhouses.

As well as the Toronto Blue Jays, the Dunedin Blue Jays of the Class A Florida State League play at Dunedin Stadium.

The Toronto Blue Jays have committed to the City of Dunedin to continue to play spring exhibition games at Dunedin Stadium through 1999.
